

SIRACHAT MAISUAYDEE

COMPUTER ENGINEERING

Sirachat.m45@gmail.com

098-079-0547

SUMMARY

Computer Engineering student with experience in IoT development, embedded systems, and website programming. Passionate about building practical solutions and continuously developing technical skills through projects, competitions, and teamwork.

EDUCATION

2022 - 2026

Rajamangala University of Technology Thanyaburi

Computer Engineering

WORK EXPERIENCE

Automatic Water Level Control System For Alternate Wetting-and-Drying Technique Project

I was part of a team working on this project, which focuses on the use of IoT technology and was funded by the IEEE. We also received funding to present our work in Malaysia. This project also attracted the attention of GISTDA, leading to discussions on the details and feasibility of its application in future water management.

THAILAND WRG CHAMPIONSHIP 2024 3-4 August 2024

The judges scored the robot competition.

Summer Workshop Assistant Teacher 22 April - 13 May 2024

Hardware Technician Training Assistant

THAILAND RESEARCH EXPO 2024 26 - 30 August 2024

We presented the project in the competition and won a silver medal.

ICPC 2024 7-8 September 2024

Participated in the ICPC competition at CU.

TESA TOP GUN RALLY #18 10 - 16 November 2024

I participated as an observer team member in the TESA TOP GUN RALLY #18, where I was responsible for website design.

Embedded mini-project

A system for measuring EC/pH levels in water, integrated with Blynk to provide alerts via the Line application.

Environmental Monitoring And Irrigation Control System Via LoRa Network For Nong Khiew Royal Project Development Center

Developing and improving the website to meet the needs of users at three Royal Project centers in Chiang Mai province.

Internship – Turnkey Communication Services 24 November 2025 - 14 March 2026

Worked as a Front-End Developer intern, designing and developing responsive web interfaces and collaborating with back-end systems, with a solid understanding of database integration.
